Continuation of Substance of Interview including description of the general nature of what was discussed:
Examiner notified Applicant's representative that the data supplied by Applicant with respect to the provisional application is inconsistent with PTO data records. Namely, the instant specification, on page 1, line 16, indicates that provisional application no. 60/263,049 was filed 01/18/01. However, PTO data records indicate a filing date of 01/22/01 for the provisional application. Examiner requested and received approval for conducting an Examiner's amendment to change the filing date in the specification from "01/18/01" to "01/22/01" to be consistent with PTO data. A Notice of Allowability will be issued in due course.
